## Sporekill (Strange DNA Samples)

The components are rare loots off Underdwellers in Terminal Woods.

Location X:6395181 Y:4469779 Waypoint.

To enter the complex, go to the Eastside of the entrance, only climb the building & down again to enter, save on having to fight your way in.

Once in the complex move to the NW corner of the building, the Underdwellers in this section are fixed to the ground, meaning they cant attack you. Its a BUG.
